### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **IN THE CLAIMS:**

In claim 1, line 11, --connected-- has been added before "between"; and  
at line 28, "(controller)" has been deleted.

In claim 4, line 11, --connected-- has been added before "between";  
at line 27, "and and" has been changed to --and--; and  
at line 29, "cloil" has been changed to --coil--.

### ***Allowable Subject Matter***

2. Claims 1-8 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, the control means controls the output switching means, so that in the course of one switching cycle the coil current flows from the second terminal into both output branches and controls the main switch in the transient state of the up-down converter, so that the average voltage on the first terminal is equal to the voltage on the second terminal.

Claim 4 recites, inter alia, the control means controls the output switching means, so that in the course of one switching cycle the coil current flows from the second terminal into both

output branches at least once; and controls the main switch in the transient state of the up-down converter so that the average voltage on the second terminal, thus equal to the input voltage.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include either of the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
